MISCELLANEOUS.

OFFICIAL MEMORANDUM.

The Revenue Commissioner in Mysore has the honor to invite the attention of Deputy Commissioners of Districts and others concerned, to the subjoined Memorandum of instructions approved by Government for facilitating the gradual introduction of the new Shekdari Scheme in the several taluks and districts of the State.

T. ANANDA ROW,
Revenue Commissioner.

MEMO OF INSTRUCTIONS.

1. A Register shall be maintained in the Revenue Commissioner's office and in the office of the Deputy Commissioners of Districts, wherein shall be entered the names of all the candidates qualified for the appointment of Shekdars by passing the Shekdari Test prescribed in sub-para 7 of para 4 of Government Order No. Fl. 2163-73, dated the 13th February 1904. For inclusion in this Register, candidates shall be called for by a Notification in the Gazette to be issued by the Revenue Commissioner and their order in the Register shall be regulated by their University Examination and their position in the Local Shekdari Examination.

2. The Deputy Commissioners of Districts may appoint any person from these lists to any vacancy in their districts, preference as among themselves being given to candidates according to their qualifications.

3. The new distribution of hoblis in each district shall come into force immediately, upon approval by Government. They shall be manned by existing men, preference being given in the following order :—

(I) Permanent men, *i. e.*, those who were Shekdars before the Government Order No. 4401-8—1398, dated 16th December 1899.

(II) Men fully qualified under the new Rules.

(III) Men appointed subsequent to the Government Order of 1899 and who were therefore liable to be displaced by fully qualified men, when available under the new Rules.

4. The men thus appointed as Shekdars shall be placed in three Schedules A, B and C. Schedule A to consist of those fully qualified under the new Rules. Schedule B to consist of the others. Schedule C to consist of supernumeraries, if any. Those in Schedules B and C shall draw only the old scale of pay and allowances, if any. Those in Schedule A shall be entitled to draw the salaries fixed in the new scale as laid down in sub-paras 8 and 9 of para 4 of the Government Order of the 13th February 1904.

5. The horse allowance of Rs. 10, however, shall be allowed to all the Shekdars on the active list (*i. e.* also those in Schedules B and C) upon taking charge of the hoblis as newly constituted. Every Shekdar drawing this horse allowance shall be bound to maintain and ride a serviceable pony with saddlery, as contemplated by Government Order.

6. In allotting hoblis to existing Shekdars under para 5 above, the Deputy Commissioners may include in Schedule C any who, in their opinion, are inefficient and incapable of fairly discharging the duties laid down in sub-para 11 of para 4 of the Government Order. These, like others entered in Schedule C, should be absorbed as Taluk Gumastas or otherwise as vacancies occur.

7. Promotions to the next higher grade may be granted by the Deputy Commissioners under the conditions laid down in sub-para 9 of para 4.

8. The number of Shekdars in each grade in each district shall not exceed the proportion fixed in sub-para 3 of para 4 of Government Order which works out as follows :—

District.	Total No. of Shekdars according to new rules.	No. in the 1st grade.	No. in the 2nd grade.	No. in the 3rd grade.
1. Bangalore	52	10	16	26
2. Kolar	55	11	17	27
3. Tumkur	50	10	15	25
4. Mysore	73	15	21	37
5. Hassan	40	8	12	20
6. Shimoga	40	8	12	20
7. Kadur	33	7	10	16
8. Chitaldrug	31	6	9	16
Total, Mysore State	374	75	112	187

The allocation of the various grades of Shekdars to each taluk shall be made by the Deputy Commissioner, in consultation with the Revenue Commissioner.

9. The promotion from one grade to another being regulated by qualifications and seniority of service, it follows that, as a rule, the more highly paid of the Shekdars should be placed in charge of the more important or more difficult of the hoblis. This point however will be more fully considered, after the scheme is brought into working order.

As applications are being frequently received requesting to grant sites in the Basavangudi and Malleswaram Extensions at an *upset price*, it is hereby notified for the information of the public that the sites in those extensions are invariably disposed of *by public auction*, as per sale notices issued from this office from time to time, except in cases covered by any special orders of Government.

4. The Officials of the Mysore State who, irrespective of the terms of the sale notice, claim the concession mentioned in Government Proceedings No. Fl. 871-2—1522-02-03, dated the 8th May 1903, will be allowed to bid, only if they give sufficient proof of their *bona fides* as regards necessity for a site for building a dwelling house for their own use, and submit applications through their superior officers within the 20th of this month, furnishing detail information on the following points:—

(i) Name, designation and salary.

(ii) Whether they have already built houses or own sites in any of the two extensions, and, if the latter, since how long and why they are not built?

(iii) Whether they own houses in the City proper?

(iv) Whether they bind themselves to abide by the conditions of the scrip—especially as regards constructing houses within six months?

(v) Whether any balance of house-building advance is still due and, if so, how much?

(vi) Whether any balance of value of sites formerly purchased by them is still due and if so, how much?

5. Each site will be sold separately by itself and no official who claims the concession referred to in para 4, will be allowed to bid for more than two sites except the adjoining ones and that also at the discretion of the President.

6. Persons who wish to purchase sites purely for speculation will not be allowed to bid.

Notice dated 8th February 1905.

The public are hereby informed that the portion of the Doddapetta (Avenue road) from Malvalli Rama Row street to Mysore road, will be closed to wheeled traffic on or about Thursday the 9th instant for about a month thereafter, as the bridge across the main drain at Avenue road will be dismantled for the purpose of widening and re-building.

This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

The Postmaster should clearly impress the name stamp of his office at the bottom of the coupon containing the indent, in order that the name of the office to which quinine is to be forwarded may be readily ascertained.

9. When the charge of an office is transferred, the full amount of the permanent advance of 714 powders of quinine must be made over to the relieving official, and it may be either in quinine or in cash or partly in quinine and partly in cash; but for every four annas thus made over in cash, 3 pies may be deducted (being the commission on the sale of 16 powders) from the permanent advance. No commission is allowed on the sale of any number less than 16 powders. The transfer of the permanent advance in the manner described above on account of quinine must be entered at the foot of the charge report forwarded to the Superintendent.

10. Communications on the subject to the Director of the Government Cinchona Plantations, Nilgiris, may be sent on postal service; but with this exception, everything relating to the transmission of quinine and the remittance of money to pay for it will be at the charge of the Government Cinchona Department.

11. The packets containing the powders of quinine must not be exposed to damp, as otherwise the quinine may deteriorate.

12. Superintendents and Inspectors when verifying the accounts of first class head offices and inspecting other Post offices authorised to vend quinine should examine the permanent advance for quinine and see that it is correct. They should also make careful inquiries as to the manner in which the instructions conveyed in Rule 11 are carried out, and make notes in their verification or inspection reports on the progress of the scheme and of any matters of interest or importance in connection therewith, furnishing at the same time statistics of sales effected during the period to which the verification or inspection relates.

Read letter No. 1005-5404, of the 8th September 1904, from the Secretary to the Government of Mysore in the Public Works Department, regarding the increase of annual allotment for metalling T.-Narsipur-Chamrajnagar road, and the increase of mileage grant for the annual maintenance of the same road.

Resolved that the grant for the first of the above two works be raised for the current year from Rs. 1,500 to Rs. 3,000, and that the rate for the second work be raised from Rs. 80 to Rs. 120 a mile, as the metalling of the road is completed.

Resolved that the re-appropriation of funds as proposed be approved excepting the provision for repairing the cart-track running on the Kalale tank bund included under the head of minor works, as the Board fails to see the reason why it should bear the charges for repairing the above cart-track which leads only to Kalale village and not beyond.

P. G. D'SOUZA,
for *Secy. to Govt. of H. H. the Maharaja of Mysore, Gen. & Rev. Dept.*

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. G. 4098-106—G. M. 286-2, DATED BANGALORE, 11TH JANUARY 1905.

ORDER.—Appenped hereto is a copy of the revised rules (and its accompaniments) regarding the decipherment and publication of Indian inscriptions on stone and copper and the custody thereof, received with the First Assistant to the Hon'ble the Resident's letter No. 6304, dated the 16th December 1904. These rules will be substituted for those communicated in Government Proceedings No. 6597-605—G. 1529, dated the 27th September 1893.

2. All discoveries of inscriptions in the State should be reported to the Director of Archæological Researches in Mysore.

B. K. VENKATA VARADA IYENGAR,
Secy. to Govt., Gen. & Rev. Dept.

To—The Deputy Commissioners of Districts.
The Director of Archæological Researches in Mysore.

Rules regarding the decipherment and publication of Indian inscriptions on stone and copper and regarding their custody.

I. The discovery of any inscription should at once be reported in the accompanying form to the Archæological Officer of the province in which it is found, or, if there is no provincial Archæological Officer, to the Director General of Archæology. Full particulars should be given as to the disposal of the inscription pending further instructions; and, if it is not the property of Government or cannot be placed in the custody of Government officers, report should be made as to what steps are being or can be taken to secure either the original or an impression of it. If possible an impression of the inscription should be obtained according to the directions contained in the accompanying memorandum and forwarded along with the report.

II. The Archæological Officer on receiving news of any discovery should immediately report the find and its character to the Director General of Archæology, suggesting the best arrangement for its decipherment, whether by himself, by reference to a European scholar, or in any other way, and forwarding, if possible, preliminary copies.

III. It will be open to the Director General of Archæology on receiving the report referred to in rule II, to require that the decipherment of the inscription be made by such agency as he thinks fit; but in the absence of good reason to the contrary (which should be explained to the Local Government), preference will be given to the Epigraphist of the province in which the inscription has been discovered.

IV. In the absence of special orders, all epigraphical matter will be published in the *Epigraphia Indica* or, in certain cases, in the Annual Report of the Archæological Survey of India, but manuscript copies, impressions, squeezes, etc., of inscriptions may, prior to publication in India, be submitted to scholars in Europe for information as well as for advice or decipherment. It must, however, be made clear, in such cases, that the inscriptions are not to be published *in extenso* in Europe prior to their appearance in the *Epigraphia Indica* or in the Archæological Reports. There will be no objection, however, to brief announcements of interesting discoveries or short preliminary notices of their character being made in European Journals, etc.

V. The local Archæological Officer will, in the case of both stone and copper inscriptions, forward two good ink-impressions to the Director General of Archæology who will transmit them to the Editor of the *Epigraphia Indica*. This rule is framed in order to enable the Editor to check the transcripts contributed by authors of papers, and to select those inscriptions, the texts of which deserve to be accompanied by *fac simile* plates.

VI. The Editor will, as soon as possible after receipt of impressions or plates, return to the sender a short abstract of the contents of each inscription.

VII. Inscriptions attached to buildings or monuments ought on no account to be separated from them, unless for some special reason, such as risk of their being lost or destroyed.

VIII. Care should be taken to retain for deposit in some selected museum, all moveable originals which belong to, or are acquired by, the Local Government.

The museum selected will ordinarily be that of the province in which the inscription was discovered. Exception may be made to this rule when the storage of the inscriptions elsewhere is found to be advisable in order to complete an already existing collection, or for other special reasons.

DIRECTIONS FOR FILLING IN THE OVERLEAF FORM.

1—4. The names of localities should be given both in the Roman and in the Nagri or Persian character, written as plainly as possible.

5. The site should be described with such accuracy as to enable anybody to find the spot without difficulty.

6. It should be stated whether the inscription is on a building (and if so, its nature and name and the place of the inscription should be added) or on a rock, stone, metal plate or other object.

7—8. If no reliable information is available, these items should be left blank.

9. Here state whether much worn or erased, imperfect, in good condition, faint, etc.

10. Here state the size of the stone, slab or plate on which the inscription is found, and the number and length of the lines of which it consists.

11. If known, state designation of officer, trustee or custodian of shrine, etc.

12. Here simply state "easy" or "difficult." If "difficult," state in the special notes the reason, *i.e.*, whether from natural circumstances of situation or from the attitude of the custodian.

13. Here simply state "See statement attached" or "None." If any statement is attached, state in it any story connected with the inscription, and if it can be read locally, what the reader has to say of its contents.

I.—INSCRIPTIONS ON STONE.

PROCESS A.

1. First clean the stone thoroughly, washing and removing all dust, dirt, grease, moss or other excrescence from its surface. Use no force in this process; make no attempt to render a letter or sign clearer by the use of a chisel or any attempt to "improve" the writing. Do not ink or blaken the surface of the stone so as to render the letter clearer, as, although this may help you, it injures the stone and makes it difficult for others to use it properly.

2. Take a sheet of printing paper, such as is commonly used for newspapers of the better class and thoroughly soak it in water, for some minutes. For rough inscriptions use ordinary country-made paper.

3. Before placing it on the stone soak the stone itself well with water.

4. Take the sheet of paper by the four corners and place it as evenly as you and your assistant can manage on the surface of the stone. It will adhere of itself as long as it is wet.

5. Take a stiff brush, dabber or handkerchief and commence beating the paper smartly from the centre outwards so as to get rid of all air-bubbles. Go on beating until the paper has taken the exact shape of the stone and followed every hollow and inequality. It will crack and split in many places if the inscription is cut deeply or the inequalities of the surface are great, in which case a second and, if necessary, a third sheet should be laid wet over the first.

6. Do not try and pull the paper off the stone when the beating process is over. When it is dry it will come off of itself. In India, in dry weather, the tendency is for the paper to dry off before the beating process is over.

7. When the beating process is finished you will find that you have made a paper cast or stereotype of the original stone. This will, when dry, be quite hard and capable of resisting considerable pressure. All that is required for packing is to roll it up and to take care that does not get wet.

8. If the sheets are not large enough to cover the whole stone, which will frequently be the case, repeat the above process over different parts of the stone, taking care that each sheet overlaps its neighbours so that its proper place can afterwards be easily determined.

9. Like every mechanical process the above requires a certain amount of practice before it can be done well. In order to ensure accuracy and to enable the reproducer to correct errors in the sheets selected for reproduction, it is best, if practicable, to take three impressions of every part of the stone.

10. Intelligent native servants can be taught the process without much difficulty.

PROCESS B.

1. This process can be employed at the same time as Process A, and will greatly increase the value of the impression; but it requires special materials and more experience than the above.

2. Take an ordinary printer's ink-roller, pass it, after inking it, with *uniform pressure* over the paper while it is still on the stone and still slightly damp, but not wet. A dabber of cotton wool covered with leather or kid can be specially made for the purpose. The raised parts will thus come out black and every depression or inequality will appear white. Minute accuracy can be obtained by this process.

3. The paper should then be left to dry on the stone as before, and can be rolled up for packing without fear.

The ink to be used can be either Persian ink obtainable from any Bazzar or a mixture of lampblack, gum and water. Care should be taken to use the right quantity: too much ink will blur the impression, too thick ink will rip the paper off the stone, too thin ink will spoil your impression, so will a too great or an uneven pressure of the roller.

II.—INSCRIPTIONS ON METAL.

Inscribed plates of copper should preferably be sent to the office of the local Archæological Officer for reproduction, after which they will be returned immediately. In case the owner of the plate objects to such a course, the following process should be followed:—

1. Open out the letters, where clogged, with needle and knife after washing the plate with soap and water. If this fails, a weak nitric acid solution may be tried and applied very carefully, so as not to injure the plate.

2. When dry go over the plate with printer's ink and a dabber. A very good dabber is made with a big cork, over the end of which is stretched a piece of kid with a little pad of cotton between. Printer's ink can be had from any press. A little ink should be poured on a piece of glass, and spread out and worked over with the dabber until the latter is evenly coated before it is applied to the plate.

3. When this is done get your paper ready. Thick soft paper is best, such as good thick cartridge or drawing paper. Cut the paper a few inches all round larger than the plate. Lay the latter face down upon the paper, after damping the latter, and fold the paper over the back of the plate. This effectually prevents it from moving. If the plate is provided with a ring, a hole should be cut in the paper and a slit made for the ring to pass through.

4. Turn the plate face up, and, with a piece of hard smooth foolscap paper between, commence to rub the back of the paper evenly all over with the top of a glass stopper of a bottle. The paper must be kept damp throughout by laying a folded damp towel over the parts you are not working on. Then remove the paper carefully and let it dry. The prints are reverses, but these are reversed again when photographed for publication.

5. After taking the impression, the plate should be thoroughly cleaned with spirits of turpentine and then brushed with soap-water, so as to remove all traces of printing ink.

B. 166-2, dated 5th November 1904, stating that the maintenance of the old Travellers' Bungalow at Sakrepatna rests with the District Board and that the plan and estimate for Rs. 387 for repairing the building be therefore placed before the District Board and their sanction obtained and the work executed early, the amount of rent being credited to District Funds.

Resolution.—The Board sanction the estimate for Rs. 387 and request the Executive Engineer to put the work in hand at once.

8. Read yadi No. 225, dated 30th September 1904, from the Vice-President of the Chikmagalur Municipality, forwarding a copy of the Municipal Board's resolution of 20th September 1904, requesting the District Board to bear its quota of the contingency allotment for the Vaidyasala at Chikmagalur increased from Rs. 9 to Rs. 15.

Resolution.—The Board are glad to note from the return of patients attended to at this Vaidyasala for the last four months that the Institution is largely attended and that it is gaining popularity. The Board have therefore much pleasure in contributing to the increased allotment for medicines and for the supply of necessary furniture.

9. Read Government Order, No. 2429-3—L. B. 68-6, dated 24th September 1904, stating that Government are not prepared to sanction the appointment of an additional Hospital Assistant and that therefore the question of opening a dispensary at Balur should lie over unless one of the existing Hospital Assistants can be spared for Balur.

Resolution.—The Board resolve to address the Senior Surgeon to spare an Hospital Assistant for the proposed dispensary at Balur and observe that the travelling allowance now paid to the Sub-Assistant Surgeon for paying weekly visits from Mudgere to Balur is about equal to the pay of an Hospital Assistant. 10. Read Kadur Division Executive Engineer's docket No. 666 of the 12th October 1904, forwarding with reference to District Board's resolution No. XIII of the 11th and 12th April 1904, an estimate for Rs. 749 for widening the bund of the Thimmasettykere tank Registered No. 154 of the Tarikere Taluk on which the cart-track from Bukkambudi to Ajjampur runs.

Resolution.—As Mr. Chokkanna is now employed on special duty which will necessitate his absence from the district for more than 3 months, he will be considered to have vacated his seat under para 2 of Section 18 of the Rules. The Board therefore elect the Treasury Assistant Commissioner Mr. Vedantadesigam Iyengar to be Vice-President.

14. Read also his docket No. 235 forwarding a plan, report and estimate for Rs. 4,184 for constructing a musafirkhana at Santaveri.

Resolution.—The Board are of opinion that a new musafirkhana at Santaveri on the type plan at a cost of Rs. 4,184 is unnecessary and that the amount of Rs. 1,000 provided therefor in the current year's budget be appropriated for improving the 3rd class travellers' bungalow at Balehole reported to be in a very dilapidated condition and requiring immediate attention.

15. Read Assistant Commissioner's yadi No. 112 of 23rd October 1904, requesting the establishment of a cattle-pound at Mahalgod Estate belonging to Mr. J. 16. Read Koppa Amildar's report No. 288, dated 2nd November 1904, requesting that a sum of Rs. 50 may be granted from District Funds for repairing the foot-path leading from Mathuli bungalow to Gangamula.

Resolution.—The small sum of Rs. 50 applied for is quite insufficient for clearing and maintaining a foot-path to Gangamula, visitors to which are few and far between. The foot-path must be cleared as occasion arises.

17. Read Government Order No. 4001-8—L. B. 4-4, dated 16th November 1904, observing that the imprests proposed for the several Taluk Boards of the Shimoga District are excessive, and requesting to submit the opinion of the Presidents of other District Boards in consultation with their respective District Boards.

2. Government Order No. 1868-76—L. F. 42-92, dated 2nd September 1904, observing that it is undesirable that the ordinary repairs to 3rd class travellers' bungalows should be carried on by one agency and special repairs by another, and directing that the present practice be continued, by which all the repairs to such bungalows are done by the Public Works Department.

3. Government Order No. 3008-16—L. B. 92-3 of the 7th October 1904, passing orders to the effect that the pay of Work Inspectors cannot be regulated according to each month's expenditure on works, but that the percentage may be deviated from to the extent necessary, the matter being promptly brought to the notice of Government, when there is a large decrease in the value of works.

Seetharamiah, Pleader, since his engagement by the Municipality in 1898 and adjustments made by him from time to time, charging on an average from Rs. 5 to Rs. 4 for each adjournment, irrespective of the fact whether such adjournments were given by the Court at the request of the Municipality or the opposite party.

Proposed by Mr. Appajappa that the question is to be left to the President for settlement and seconded by Mr. Venkataramayya.

Resolution.—Carried.

3. Appointment of a sub-committee for the preparation of the budget estimates of receipts and expenditure for 1905-06.

4. Letter No. 3705, dated the 10th December 1904, from the President of the Civil and Military Station Municipality regarding the necessity for framing bye-laws for the regulation of fares that may be charged and the maximum load to be carried by bullock-carts.

Resolution.—This may be done.

Government Proceedings No. (5431-6)-200-3—Ml., dated the 23rd December 1904, sanctioning the budget estimates of the Basavangudi and Malleswaram Extensions for 1904-05 and directing the absorption of the accounts of these two extensions with those of the City from the next official year when the present system of maintaining separate accounts of receipts and expenditure thereof will cease.

Resolution.—Recorded with the observation that it will be impossible for the Board to meet the full cost of maintenance of the two extensions whose income at present is inadequate and therefore the required contribution may be asked from Government for some years to come.

7. Government Proceedings No. (5574-5)-318-2—Ml., dated the 29th December 1904, stating that a new building for the City Municipal School will be provided at Government cost.

Proposed by Mr. Appajappa that when the Board agreed to pay Rs. 25,000 on account of electric lighting for the whole City, including the two extensions, they consented to pay only Rs. 30,000 towards the maintenance of the Water Works. Since nearly Rs. 40,000 or the total earnings from the Toll and Water Rate are adjusted by Government, the Board plead their inability to pay more than what is now being spent on Lighting, *viz.*, Rs. 15,000.

Seconded by Mr. Krishnaswami Rao.

Resolution.—Carried unanimously.

9. Government Proceedings No. 5313-14)-151-5—Municipal, dated the 21st December 1904, according approval to the adjustment made by the Comptroller in his accounts for June 1904 in connection with the re-payment of the balance of loan of Rs. 41,408-6-8 including Interest which was due to Government from the Municipality.

ORDER No. 1387, REVENUE, DATED 20TH DECEMBER 1904.

Miscellaneous.

The Government resolve to introduce the new system of selling quinine in 7-grain pice powders in this Presidency and at the Imperial Post Offices in Coorg and in the Native States of Mysore, Hyderabad, Travancore and Cochin on the 1st February 1905. The notification and rules issued in Government Order No. 270, dated 23rd March 1900, will be cancelled and in their place the notification and rules appended hereto (which latter were approved of in Government Order No. 537, dated 27th May 1904) will be published in the *Fort St. George Gazette* and in the District Gazettes in English and the chief vernacular languages.

2. The Director, Government Cinchona Plantations, will arrange, in communication with the Postmaster-General, to recover from all Postmasters on the abovementioned date, the 5-grain powders remaining unsold with the balance in cash, if any, required to make up the amount of their permanent advance of seven packets of the new pice-powders for sale from that date. Similar arrangements will be made in consultation with the Collectors in those Districts in which quinine powders are sold by the Revenue officials, and the Collectors concerned will be requested to publish the necessary notification of the impending change.

3. The Residents at Hyderabad and in Mysore, Travancore and Cochin and the Chief Commissioner of Coorg will be addressed.

Copy to the Board of Revenue (Land Revenue).

NOTIFICATION.

RULES FOR THE SALE OF GOVERNMENT QUININE AT POST OFFICES.

1. Government quinine manufactured at the Nedivattam factory will be kept for sale at all Post offices in the Madras Presidency (with the exception of those noted in the margin) and in the Native States of Cochin, Hyderabad, Travancore and Mysore.

* Post offices in the District of Madras and in the towns of the Chingleput District which are suburbs of Madras Town.

NOTE.—It must be understood that these rules do not apply to Post offices in the Native State of Puddukkottai.

2. The Director of the Government Cinchona Plantations, Nilgiris, will arrange for the supply of the quinine direct to each Post office in small packets each containing 102 seven-grain powders, to be sold at the rate of 3 pies per powder.

3. The amount to be accounted for by the Post office on each packet will be Rs. 1-8-0 and the one-and-a-half anna in excess which will be realized by the sale of the 102 powders will be the vendor's commission on the sales effected by him.

4. Seven packets each containing 102 will be issued to each of the offices concerned and the value of those packets, *viz.*, Rs. 10-8-0, at the rate of Rs. 1-8-0 per packet is considered as a permanent advance for quinine.

5. Postmasters must replenish their stock of quinine as soon as they have sold five packets by indenting on the Director of the Government Cinchona Plantations, Ootacamund. It will be the Postmaster's duty to see that his stock is regularly replenished in time before the supply is exhausted.

6. Each indent for a fresh supply of quinine must be accompanied by a remittance made by money order for the value of the packets indented for, at the rate of Rs. 1-8-0 per packet, less the money order commission on the total value of the remittance.

7. Any quantity of quinine may be indented for at a time, provided that the indent is for not less than five packets of 102 powders each and that it does not include a fraction of a packet.

8. The indent for a fresh supply of quinine must always be written on the coupon of the money order, in the form given below :—

"Please send per return post five packets (or six packets as the case may be) of quinine powders."

_____ Name

_____ Postmaster.

Date_____

_____

Name Stamp.

The amount remitted as well as the commission for the money order should be met by the Postmaster from the sale proceeds of quinine held as a permanent advance. The money order should be made payable to the Director of the Government Cinchona Plantations, Ootacamund. The Postmaster should clearly impress the name stamp of his office at the bottom of the coupon containing the indent in order that the name of the office to which quinine is to be forwarded may be readily ascertained.

9. When the charge of an office is transferred, the full amount of the permanent advance of 714 powders of quinine must be made over to the relieving official, and it may be either in quinine or in cash or partly in quinine and partly in cash; but for every four annas thus made over in cash, 3 pies may be deducted (being the commission on the sale of 16 powders) from the permanent advance. No commission is allowed on the sale of any number less than 16 powders. The transfer of the permanent advance in the manner described above on account of quinine must be entered at the foot of the charge report forwarded to the Superintendent.

10. Communications on the subject to the Director of the Government Cinchona Plantations, Nilgiris, may be sent on postal service, but with this exception, everything relating to the transmission of quinine and the remittance of money to pay for it will be at the charge of the Government Cinchona Department.

11. The packets containing the powders of quinine must not be exposed to damp, as otherwise the quinine may deteriorate.

12. Superintendents and Inspectors when verifying the accounts of first class head offices and inspecting other Post offices authorised to vend quinine should examine the permanent advance for quinine and see that it is correct. They should also make careful inquiries as to the manner in which the instructions conveyed in Rule 11 are carried out, and make notes in their verification or inspection reports on the progress of the scheme and of any matters of interest or importance in connection therewith, furnishing at the same time statistics of sales effected during the period to which the verification or inspection relates.

4. Each bidder at the auction shall deposit a sum of Rs. 250 for shops in Bowringpet Taluk and Rs. 100 for those in Bangalore or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

6. The persons to whom the taverns have been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service by the said notice by its presentation to the purchaser or any adult male member of the family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 500 for each tavern knocked down to them or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of each tavern; and shall take out licenses and execute counterpart engagements, on the conditions hereinafter set forth. Resolution.—The Board sanction the estimate for Rs. 387 and request the Executive Engineer to put the work in hand at once.

8. Read yadi No. 225, dated 30th September 1904, from the Vice-President of the Chikmagalur Municipality, forwarding a copy of the Municipal Board's resolution of 20th September 1904, requesting the District Board to bear its quota of the contingency allotment for the Vaidyasala at Chikmagalur increased from Rs. 9 to Rs. 15.

Resolution.—The Board are glad to note from the return of patients attended to at this Vaidyasala for the last four months that the Institution is largely attended and that it is gaining popularity. The Board have therefore much pleasure in contributing to the increased allotment for medicines and for the supply of necessary furniture.

9. Read Government Order, No. 2429-3—L. B. 68-6, dated 24th September 1904, stating that Government are not prepared to sanction the appointment of an additional Hospital Assistant and that therefore the question of opening a dispensary at Balur should lie over unless one of the existing Hospital Assistants can be spared for Balur.

Resolution.—The Board resolve to address the Senior Surgeon to spare an Hospital Assistant for the proposed dispensary at Balur and observe that the travelling allowance now paid to the Sub-Assistant Surgeon for paying weekly visits from Mudgere to Balur is about equal to the pay of an Hospital Assistant. 10. Read Kadur Division Executive Engineer's docket No. 666 of the 12th October 1904, forwarding with reference to District Board's resolution No. XIII of the 11th and 12th April 1904, an estimate for Rs. 749 for widening the bund of the Thimmasettykere tank Registered No. 154 of the Tarikere Taluk on which the cart-track from Bukkambudi to Ajjampur runs.

Resolution.—The Board are of opinion that a new musafirkhana at Santaveri on the type plan at a cost of Rs. 4,184 is unnecessary and that the amount of Rs. 1,000 provided therefor in the current year's budget be appropriated for improving the 3rd class travellers' bungalow at Balehole reported to be in a very dilapidated condition and requiring immediate attention.

15. Read Assistant Commissioner's yadi No. 112 of 23rd October 1904, requesting the establishment of a cattle-pound at Mahalgod Estate belonging to Mr. J. 17. Read Government Order No. 4001-8—L. B. 4-4, dated 16th November 1904, observing that the imprests proposed for the several Taluk Boards of the Shimoga District are excessive, and requesting to submit the opinion of the Presidents of other District Boards in consultation with their respective District Boards.

Seetharamiah, Pleader, since his engagement by the Municipality in 1898 and adjustments made by him from time to time, charging on an average from Rs. 5 to Rs. 4 for each adjournment, irrespective of the fact whether such adjournments were given by the Court at the request of the Municipality or the opposite party.

Proposed by Mr. Appajappa that the question is to be left to the President for settlement and seconded by Mr. Venkataramayya.

Resolution.—Carried.

3. Appointment of a sub-committee for the preparation of the budget estimates of receipts and expenditure for 1905-06.

4. Letter No. 3705, dated the 10th December 1904, from the President of the Civil and Military Station Municipality regarding the necessity for framing bye-laws for the regulation of fares that may be charged and the maximum load to be carried by bullock-carts.

Resolution.—Recorded with the observation that it will be impossible for the Board to meet the full cost of maintenance of the two extensions whose income at present is inadequate and therefore the required contribution may be asked from Government for some years to come.

Proposed by Mr. Appajappa that when the Board agreed to pay Rs. 25,000 on account of electric lighting for the whole City including the two extensions, they consented to pay only Rs. 30,000 towards the maintenance of the Water Works. Since nearly Rs. 40,000 or the total earnings from the Toll and Water Rate are adjusted by Government, the Board plead their inability to pay more than what is now being spent on Lighting, *viz.*, Rs. 15,000.

Seconded by Mr. Krishnaswami Rao.

Resolution.—Carried unanimously.

The Government resolve to introduce the new system of selling quinine in 7-grain pice powders in this Presidency and at the Imperial Post Offices in Coorg and in the Native States of Mysore, Hyderabad, Travancore and Cochin on the 1st February 1905. The notification and rules issued in Government Order No. 270, dated 23rd March 1900, will be cancelled and in their place the notification and rules appended hereto (which latter were approved of in Government Order No. 537, dated 27th May 1904) will be published in the *Fort St. George Gazette* and in the District Gazettes in English and the chief vernacular languages.

NOTIFICATION.

RULES FOR THE SALE OF GOVERNMENT QUININE AT POST OFFICES.

1. Government quinine manufactured at the Nedivattam factory will be kept for sale at all Post offices in the Madras Presidency (with the exception of those noted in the margin) and in the Native States of Cochin, Hyderabad, Travancore and Mysore.

NOTE.—It must be understood that these rules do not apply to Post offices in the Native State of Puddukkottai.

2. The Director of the Government Cinchona Plantations, Nilgiris, will arrange for the supply of the quinine direct to each Post office in small packets each containing 102 seven-grain powders, to be sold at the rate of 3 pies per powder.

3. The amount to be accounted for by the Post office on each packet will be Rs. 1-8-0 and the one-and-a-half anna in excess which will be realized by the sale of the 102 powders will be the vendor's commission on the sales effected by him.

4. Seven packets each containing 102 will be issued to each of the offices concerned and the value of those packets, *viz.*, Rs. 10-8-0, at the rate of Rs. 1-8-0 per packet is considered as a permanent advance for quinine.

5. Postmasters must replenish their stock of quinine as soon as they have sold five packets by indenting on the Director of the Government Cinchona Plantations, Ootacamund. It will be the Postmaster's duty to see that his stock is regularly replenished in time before the supply is exhausted.

6. Each indent for a fresh supply of quinine must be accompanied by a remittance made by money order for the value of the packets indented for, at the rate of Rs. 1-8-0 per packet, less the money order commission on the total value of the remittance.

7. Any quantity of quinine may be indented for at a time, provided that the indent is for not less than five packets of 102 powders each and that it does not include a fraction of a packet.

8. The indent for a fresh supply of quinine must always be written on the coupon of the money order, in the form given below :—

"Please send per return post five packets (or six packets as the case may be) of quinine powders."

_____ Name

_____ Postmaster.

Date_____ Name Stamp.

The amount remitted as well as the commission for the money order should be met by the Postmaster from the sale proceeds of quinine held as a permanent advance. The money order should be made payable to the Director of the Government Cinchona Plantations, Ootacamund. The Postmaster should clearly impress the name stamp of his office at the bottom of the coupon containing the indent in order that the name of the office to which quinine is to be forwarded may be readily ascertained.

9. When the charge of an office is transferred, the full amount of the permanent advance of 714 powders of quinine must be made over to the relieving official, and it may be either in quinine or in cash or partly in quinine and partly in cash; but for every four annas thus made over in cash, 3 pies may be deducted (being the commission on the sale of 16 powders) from the permanent advance. No commission is allowed on the sale of any number less than 16 powders. The transfer of the permanent advance in the manner described above on account of quinine must be entered at the foot of the charge report forwarded to the Superintendent.

10. Communications on the subject to the Director of the Government Cinchona Plantations, Nilgiris, may be sent on postal service, but with this exception, everything relating to the transmission of quinine and the remittance of money to pay for it will be at the charge of the Government Cinchona Department.

11. The packets containing the powders of quinine must not be exposed to damp, as otherwise the quinine may deteriorate.

12. Superintendents and Inspectors when verifying the accounts of first class head offices and inspecting other Post offices authorised to vend quinine should examine the permanent advance for quinine and see that it is correct. They should also make careful inquiries as to the manner in which the instructions conveyed in Rule 11 are carried out, and make notes in their verification or inspection reports on the progress of the scheme and of any matters of interest or importance in connection therewith, furnishing at the same time statistics of sales effected during the period to which the verification or inspection relates.
